The DLR network 2012

- 01** Royal Mint St junction works complete to allow more trains to run through this busy location
- 02** Cutty Sark and Greenwich stations will operate one way (exit or entry only) for Games events at Greenwich Park
- 03** Custom House and Prince Regent stations will operate one way (exit or entry only) for Games events at ExCeL
- 04** New lift installed
- 05** New staircases and lift installed
- 06** West Ham station access will be improved with new links built from the station platforms onto the existing 'Greenway' – a walking and cycling link running through Newham and into the heart of the Olympic Park. The improvements to the station are programmed to be complete by the start of 2011

07 Stratford International extension stations: Canning Town, Star Lane, West Ham, Abbey Road, Stratford High Street, Stratford and Stratford International open mid-2010

08 Canning Town flyover junction works complete to allow grade separation of trains

09 New South Quay station constructed as part of the three-carriage upgrade

10 Pudding Mill Lane is proposed to be closed during the Games because there will be no access to the Olympic Park from the station

Platforms extended to allow three-carriage trains to operate

DLR is currently working with the ODA to obtain funding to extend platforms to three-carriage length on stations between Custom House and Beckton
